Chairperson: Shelley Stanley (City of Northglenn)

Vice-chairperson: Lesa Julian (City of and County of Broomfield)

Treasurer: David Carter (City of Westminster)

4. Other Discussion:
  - a. In July, Jane Clary submitted the last five years of Big Dry Creek data to the Water Quality Control Division for development of the 303(d) list. The importance of the Sampling and Analysis Plan was noted, given the Division's request for the plan following submittal of the data.

- b. No new actions have been taken regarding the forthcoming *E. coli* TMDL for Big Dry Creek. Weather affected the originally planned approach to supplemental sampling in the vicinity of 120<sup>th</sup> Ave. bridge in the spring. Sandra Spence of the U.S. Environmental Protection Agency Region VIII collected some supplemental samples during the summer, but these did not change findings to date and are reported to have shown no particular trend. Becky Anthony will move forward with the draft TMDL based on the available information to date. A draft TMDL is still anticipated by year-end.
  - c. Colorado Watershed Assembly to be held in Vail on October 6 (Jane Clary will attend).
  - d. Update of website desired in 2010, with feedback requested by December 2009.
